

Our success is based on versatility, creativity and high technical capacity.

With a unique corporate culture and passion for work, we are 40 years in the market with an industrial area of 20,000m<sup>2</sup>. Since the beginning we act as manufacture producers of edge banding and melamine foil, which makes us one of the first companies in the world to produce melamine edges.

We supply more than 30 countries, including the most demanding markets as Europe, United States and Canada, and also the most competitive ones as China and India.

Our technical expertise over all those years has allowed us to create innovative products for customers in the furniture and construction industry, focused in the segments of furniture doors, frames, laminate floors, ceilings and wall coverings.
