

Our success is based on versatility, creativity and high technical capacity.

With a unique corporate culture and passion for work, we are 40 years in the market with an industrial area of 20,000m². Since the beginning we act as manufacture producers of edge banding and melamine foil, which makes us one of the first companies in the world to produce melamine edges.

We supply more than 30 countries, including the most demanding markets as Europe, United States and Canada, and also the most competitive ones as China and India.

Our technical expertise over all those years has allowed us to create innovative products for customers in the furniture and construction industry, focused in the segments of furniture doors, frames, laminate floors, ceilings and wall coverings.

The best way to prepare the wooden substrate for painting.

Primer Foil is the ideal solution when you need to prepare the substrate for high quality painting.

The product is a highly flexible melamine foil, available in various thicknesses (0.12mm to 0.3mm), used for both profile and flat surfaces. It can be applied to all types of substrates used in the furniture and doors industry.

A quick, economical and fast preparation for the final application of paint, eliminating all the hard preparation and long process to receive the last finish.

QUICK,
ECONOMICAL AND
FAST
PREPARATION FOR
PAINTING

- Efficiency in the industrial process
- Excellent adhesion to hot melt
- Perfect substrate coverage
- Can be applied to flat surfaces and profile coverings
- Excellent adhesion to all kinds of paint
- Possibility of exclusive and customized colors

Primer Foil

MELAMINE FOIL - FP LINE			
Product	Thickness	Width	Roll length
FL120	0,120mm ± 0,0084mm	100mm - 2.000mm	500m
FL180	0,165mm ± 0,0116mm		500m
FL220	0,205mm ± 0,0144mm		500m
FL280	0,245mm ± 0,0172mm		500m
FL330	0,248mm ± 0,0173mm		400m
FL400	0,310mm ± 0,0217mm		300m
